

Paria Partners with Pennacool.com to Donate Books to 300+ Students in its Fenceline Communities

Paria Fuel Trading Company Limited (Paria) is pleased to announce its partnership with Pennacool.com, a renowned educational company, to donate books to students within our fenceline communities. This initiative aims to foster an environment for learning and to provide educational resources to enhance student's academic performance.

As part of this collaboration, Paria and Pennacool.com will be donating 360 science and Agri books to several primary schools. Three of the selected schools visited on Monday 9th October 2023 were:-

- Pointe-a-Pierre Government Primary School
- Marabella Government Primary School
- Pleasantville Government Primary School

Paria and Pennacool.com hope to encourage students', teachers and parents to take advantage of all the educational materials available on pennacool.com. The resources are FREE and easily accessible. The books provide a diverse array of reading materials that cater to their interests and learning needs.

Paria and Pennacool.com believe that education is a fundamental right and that all students should have equal opportunities. By partnering together, we aim to bridge the educational gap and empower students within our fenceline communities with the tools they need to succeed academically.

This book donation initiative is just the beginning of Paria's and Pennacool.com's joint efforts to support education in Trinidad and Tobago.
